TRAINING INFORMATION

The October 2024 Institute is a month-long training to be held in Burundi offering a variety of peacebuilding and development courses to practitioners in the African Great Lakes Region and other interest regions in Africa.

This is the 20th annual peacebuilding training organized by GLPI since 2004. The training are facilitated in English and French. Participants are encouraged to attend the entire month or choose a course in each week.

However they can also opt to take just one or any of the weeks that interest them most if the entire month is not possible. In order to apply for our trainings interested candidates must submit their application documents and pay the course and application fees.

To apply or for more information regarding application process and course fees, please visit our website.
